- [ ] **Open Dream Lab from the Canva homepage.** Craft is there, not inside the design editor.
- [ ] **Check your AI allowance first.** Free plans list up to 20 AI uses a month; see how many you have left before a big batch.
- [ ] **Test it on a design with words.** Try a sale poster or menu and compare the lettering with what you get from your usual tool.
- [ ] **Proofread every word before you publish.** Read the text in the image letter by letter, including prices and dates.
- [ ] **Ask your Canva admin about access.** In a workplace account, admins control who can use Dream Lab.
