- [ ] **Check whether your account can use Argon.** Open the model list in the Gemini app. Google says models your plan doesn't include show a lock icon. Argon needs Google AI Pro (A$32.99 a month) or AI Ultra.
- [ ] **If you already pay for AI Pro or AI Ultra, check Argon has arrived.** Google says it is rolling out, so it may not show in your model list yet.
- [ ] **Check the checkout total.** Google's Australian page lists monthly prices without saying whether GST is included.
- [ ] **Save Argon for long, multi-step work.** Google says more advanced models use more of your allowance, and it publishes no prompt count.
- [ ] **Ask your Workspace administrator before assuming a work account has it.** Google hadn't said which Workspace editions include Argon when we checked on 14 October.
- [ ] **Verify figures, citations and recent events in its answers.** Google's model card lists hallucinations and a March 2026 knowledge cutoff.
