CHECKLIST · AI AT WORK

Gemini in your car can now dig through your Gmail and calendar

Published 21 October 2026. Read the full story, sources and any updates at
digitaladvisors.com.au/journal/gemini-android-auto-personal-intelligence/

- [ ] **Decide which apps Gemini can see.** In the Gemini app, open the menu, your profile picture, Personal Intelligence, then Connected Apps, and switch each app on or off.
- [ ] **Leave out anything confidential.** Google says human reviewers may see connected-app data. If your personal Gmail holds client or staff details, leave the Google Workspace switch off, which also disconnects Calendar.
- [ ] **Delete chats, not just connections.** Disconnecting an app doesn't remove past chats from Gemini Apps Activity, so delete those as well.
- [ ] **Double-check anything that matters.** Confirm flight gates, appointment times and addresses yourself, because Google warns Gemini in the car can get things wrong.
- [ ] **Talk to children in the car.** Remind them Gemini is an AI tool, not a person, and that it may say things unsuitable for their age.

NOTES

General information only, not legal, tax or financial advice. Check the full story and its sources before acting.
