- [ ] **Ask your IT provider today.** Request a version and configuration assessment specifically for NetScaler CVE-2026-88779.
- [ ] **Get an upgrade plan for affected appliances.** Ask the provider to match the release to bulletin CTX697174 and install the relevant fix as soon as possible.
- [ ] **Reopen earlier patch confirmations.** Have the provider check this new issue even if it already completed the CTX697096 updates.
- [ ] **Escalate existing interruptions.** Send the provider the timing and business impact, and ask whether incident response or Citrix support is needed.
- [ ] **Record completion.** Keep the provider's installed-version confirmation and the names of the services it assessed.
